

Marcus Betts
Project Manager

Experience

Marc has more than 25 years of experience in project design and management for public and private clients including schools, housing agencies, health care organizations and corporations. Marc's most recent venture was the successful completion of the Klickitat Valley Hospital Expansion.

Marc's work for educational institutions – both public and private – throughout Oregon ranges from new construction to renovations, remodels and expansions. He is an expert in construction administration, including specifications; detail development; document review; quality control and coordination; cost estimating; and job site inspection/observation.

His most recent school projects include renovations and new administrative offices for The Dalles School District #12. He also was instrumental in developing a new 28,000-square-foot, two-story St. Agatha School in Portland for students in grades 5-12.

Marc received his Bachelor of Science degree in Liberal Arts with an emphasis on Architecture and Landscape Architecture from Oregon State University.
